SUPPLEMENT TO

NO. OF ENCLS.

REPORT NO.

A radiar station is under construction on the highest point of Churanov (N50/037)*. The station is a single building about 15 m. long, 10 m. wile and 2.5 m. high. In the center of it is a brick tower about 4 m. high. On the tower is an aerial which is shaped like an inverted pyramid. The station is being built by soldiers. A new driveway about 4 m. wide leads to the station. Recently a large quantity of bricks were stored on the premises.

Comment: For the exact location of Churanov, see GSGS 4060, sheet 4:51 (Susice). Churanov lies on vertical grid line 816 half way between 25X1A * herizontal grid lines 1148 and 1152.
